

Rules and Guidelines Relating to COVID-19

- Facility Access. Only participants registered in classes and workshops, Infinity members (holders of current barn practice passes), instructors, volunteers, owners, and property owners and personnel may enter the barn and arena. No children, family members or guests are allowed at this time. Upon approval, a friend or family member may accompany a member or participant to assist with personal equipment/dog(s). Please contact your instructor or fetchinfo@infinitydogsports.com to request an exception.
- Sanitizer. Please bring your own sanitizer. Sanitizer will be provided but only as a backup as we will not be able to provide sanitizer for everyone nor be there to refill the containers throughout the week.
- Face Masks. You must wear a face mask covering your nose and mouth, at all times that you are at the barn/arena and surrounding property. You may pull your face mask down temporarily down only when you are in the arena working with your dog.
- Social Distancing:
 - Maintain a minimum of 6-10 feet distance between you and anyone else at the barn/arena and surrounding property at all times.
 - Do not congregate in the parking area, at the sign in table, outdoor dog potty area, etc.
 - Make good choices when going to and coming from practice sessions (e.g. do not enter the arena until the person before you has left, or at minimum, choose another arena entry/exit gate area at which to setup, until that person leaves).
 - Prior to attending a class or workshop, you will be given instructions regarding how social distancing will be maintained in a group setting (e.g. each participant having their own entry/exit and setup area for the arena).
- Upon Arrival:
 - Leave your dog and other belongings in the car.
 - Make sure you are wearing your face mask.
 - Use your hand sanitizer prior to entering the barn. If you forgot your hand sanitizer, go directly to wash your hands in the kitchen.
 - Use your hand sanitizer after leaving the barn, or wash your hands in the sink if you forgot your personal sanitizer.
 - Go directly to the "Sign-In" table in the kitchen and complete your sign-in. Use a pen from the "Clean Pens" cup and place the pen you used in the "Used Pens" cup. The sign-in/sign-out sheet now includes questions that would provide information necessary should contact tracing be necessary, such as if an Infinity member or participant becomes ill with COVID-19. Complete this sign-in/out and respond to the questions each and every time you come to the barn.
- Crating. Please crate out of your car as crates are not available at the barn at this time. If your dog barks excessively when crated in the car, please bring your own crate for your dog and bring it with you when you leave. No crates may be left at the barn.
- Chairs. Chairs are not available at the barn at this time. Please bring a chair with you if you wish, but take it with you when you leave. No chairs may be left at the barn.
- Food/Treats. Food, drinks and dog treats may no longer be kept at the barn. Food and dog treats may also not be brought to the barn to share with others at this time. So, if you want coffee for that early morning workshop, please bring your own because the Keurig has been removed.
- Porta Potty. An area has been setup outside the porta-potty for you to wash/sanitize your hands. Be sure to sanitize your hands both BEFORE you enter the porta-potty and AFTER you leave.
- Equipment. Please avoid touching and/or moving anything in the barn and arena, including the agility equipment whenever possible. Should you need to move equipment or replace a knocked bar on a jump, please be sure to wipe down and sanitize anything you touched before you leave.

By signing below, I attest that I understand and agree to the above Rules and Guidelines.
